

CS Education Newington

Y2/3 COURSE OVERVIEW

WEMG

- WEMG stands for Writing, English, Mathematical Reasoning Skills, Thinking Skills.

Writing – Learn skills of writing a range of text.

English – Develop student abilities to interpret, analyze and evaluate texts with appropriateness.

Mathematical Reasoning –

Basic Concepts + Examples + Practice Exercises

Thinking Skills – Vocabulary, General knowledge, Skills in Calculation and Logical Reasoning

WRMT - Writing

Weekly
Homework Assessment

Teacher will guide the
students how to
approach the questions
in the class.

YEAR 2/3

WRITING SKILLS

TERM 4 WEEK 8

WRITING BASED ON A PICTURE

In this lesson you are going to write about the picture that you have been given above.
Give your writing a title. You may choose to write:

A narrative: Include an orientation, complication and resolution

A poem: You may choose to write a rhyming poem or it may be in blank verse. It must contain at least three verses.

A recount: Remember to include an orientation, a sequence of events in the order in which they occurred and a conclusion, (This may be in the form of a diary entry, a letter, a newspaper report etc)

WEMG - English

. English >>> reading comprehension, spelling, vocabulary, grammar and punctuation at the word and sentence.

. Novel Study >>> study of a literary text which may have personal, cultural, social or aesthetic value to them.

. Word Knowledge >>> supplementary booklet provides further language practice on structure and meaning at word and sentence levels.

WRMT - Maths Reasoning

. Essential Maths >>>
five content strands:

- ~ Numbers
- ~ Patterns
- ~ Data
- ~ Measurement
- ~ Space and Geometry

Each strand:
Basic Concepts +
Examples +
Practice Exercises

Enich Maths >>> Different levels of difficulty to
provide a systematic development of problem
solving and mathematical ability.

WEMG - General Ability

General Ability questions are set out similarly to those in IQ tests. The range of questions includes finding the odd one out; synonyms and antonyms; analogies; sequences and matrixes. 4 major topic areas:

- I. Verbal Ability: e.g. finding the odd word out and word meanings
- II. Non-Verbal Ability: a series of symbols in logical way or find the missing symbol or spot the symbol out etc.
- III. Numerical Ability: Ability to reason with numbers and figures
- IV. Spatial Ability: questions involve shapes and can be very diverse in nature.
